

Chalet 53

St. Anton, Austria

What we love...

We love the location of this chalet, right in the heart of St. Anton.

Set in the heart of the resort, this luxury ski apartment in St. Anton couldn't be more convenient. A lift whisks you from the entrance to the building, five minutes' walk from the lifts, straight to your home for the week, decked out in natural materials such as stone and wood, for a typically Austrian look, with a modern twist.

Three incredibly comfortable and spacious bedrooms, one complete with a set of bunks to give space for a family, are a sight for sore eyes at the end of a busy day out on the slopes and enjoying the après ski.

Sociable communal areas give everyone space to relax together and catch up on the day's events - a generously sized living room with roaring open fire and comfy sofas as well as a separate dining room that is the ideal backdrop to leisurely meals with friends and family.

The chalet's experienced staff are on hand to ensure you never have to a finger during your stay here at Chalet 53, and with St. Anton on your doorstep, the world is your lobster (or possibly your wiener schnitzel).

Chalet 53

Eating

Set your expectations high. The chefs here are all expert at creating exciting and beautifully presented dishes and catering to any likes or dislikes anyone in your party may have.

Your chef will prepare your breakfast as well as a sweet or savoury afternoon snack. Then, in the evening, you'll enjoy canapés before a delicious four-course dinner on five nights, accompanied by wines chosen by the sommelier.

As well as the wines served with dinner, there's also an open bar with local bubbly, wine, beers, spirits and soft drinks to enjoy.

Your chef will also be happy to prepare a separate children's tea for little ones if you like.

You'll have two evenings a week to sample the local restaurants of St Anton and your chalet hosts will be more than happy to make recommendations and bookings.

Chalet 53

Kids

Chalet 53 is a great choice for families, being just moments away from both the lifts and the centre of town. The family room with bunks is an added bonus and could be used to sleep four children or a whole family of four.

The chalet has a TV, DVD player and Apple TV as well as a good selection of board games, all of which will keep children entertained in the afternoons while the adults relax.

Nannies and babysitters can be arranged on request.
