

Chalet Alexandra St. Anton, Austria

What we love...

We love the proximity to the main Nasserein lifts and the fact that the chalet has access to a Hammam and sauna.

Chalet Alexandra forms part of the exclusive Chalet Austria building in St. Anton, which has been built to the highest standards with extensive use of old woods and natural stones ensuring warm alpine charm. You'll truly feel you've reached a home away from home.

Located on the ground floor, Chalet Alexandra is laid out across one level with an open plan living/dining area giving a spacious and airy feel to the heart of the apartment. The feeling of space continues in to the three double bedrooms which all offer en-suite bathrooms, with two bedrooms having the flexibility of being set up at doubles or

twins, making this chalet perfect for families, couples or groups of friends alike.

Nestling in the sought-after enclave of Nasserein, Chalet Alexandra is right beside the ski lift and nursery slopes, and only a ten minute walk from the heart of St. Anton. If you can tear yourself away, there's plenty of exuberant après ski on offer.

Returning to chalet at the end of a long days skiing is a dream. Just leave your skis and boots in the shared ski room and pop into the luxurious Hammam or sauna, which you share with two other apartments.
