

Chalet Aria

Zermatt, Switzerland

What we love...

The location is great, with its proximity to the centre of the resort and the slopes, yet being in the penthouse gives you a feeling of being miles from anyone else.

You'll feel literally on top of the world in this luxury penthouse apartment with views of the Matterhorn.

Chalet Aria is one of only four properties in this magnificent building. Set on the top floor this penthouse apartment has a stylish and contemporary feel throughout.

Light wood floors and rafters, an enormous fireplace set behind glass and oversized lighting with clean lines, keeps the look chic and simple. And that's just as it should be when the view outside is the real star of the show. Floor-to-ceiling windows give a spectacular mountain outlook and the great location means you are only ever minutes from hurtling down the slopes yourself.

Your every comfort has been carefully considered here, with beautiful wood and slate bathrooms

and simple but beautifully designed bedrooms with inviting crisp, white linens. Each bedroom has underfloor heating and its own TV too, so that if you want some time to yourself you can do so in comfort.

The living and dining areas are a wonderful space in which to socialise with friends and family. Gather round the fire with aperitifs in the evening before sitting down to the refectory-style table to enjoy a gourmet meal prepared by your chef. If you want to watch a film together in the evening, the TV has surround sound for a cinema-style experience.

Additionally, there is a wellbeing suite on the ground floor where you can enjoy massages, pedicures and facials, as well as use the fitness area. Or relax in the outdoor Jacuzzi which can be booked for private use.
