

Chalet Kibo

Courchevel Village (1550), France

What we love...

The uber-modern interiors – a fresh take on the traditional luxury ski chalet.

Mountain views that'll take your breath away, contemporary-cool interiors in sparkling white, an open fire flickering in the background... Chalet Kibo is a modern winter wonderland.

For those that favour a stylish, contemporary look and ultra-modern fittings over a traditional Alpine style, this is ideal. The ski-in luxury chalet in Courchevel Village (also known as 1550) has style in spades and offers affordable luxe in a stunning location.

When you're not out on the slopes, which are conveniently just moments away, you'll be able to enjoy a relaxing Hammam or a dip in the indoor Jacuzzi down in the private wellness suite. The chalet has its own cinema room too, so after a morning on the snow, you can get in the beers and popcorn and have a cosy movie matinee.

The bedrooms are all individually designed using quirky pieces of furniture and wall art to give each a style of its own. Warm throws, soft cushions and gorgeous complimentary bath products mean you'll be happy to relax in your own company for a while here, catching up on your reading or just stealing forty winks in the afternoon before hitting the town for the night.

If you're staying in for the evening however, you could do a lot worse. Wander out onto the terrace with your drink to take in the bracing air or just stand and stare at the mountains. Inside, with a magnificent open-plan kitchen, dining and sitting room as well as a central fireplace as the focal point of the space, it's perfect for entertaining.
