What we love...

We love the amount of space this large chalet has. There's so much room for everyone to spread out and do their own thing.

If space and luxury are your winning combination then look no further than Chalet Montfort Lodge. This luxury ski chalet in St. Anton sleeps up to 26 + 6 guests across 13 bedrooms and is the combination of both Chalet Monfort and cosy Chalet 53. Whether you're on a corporate ski trip or a part of a large family party, Montfort Lodge is ideal for big groups.

You won't be feeling on top of each other here. With the choice between two living rooms, a private bar area, a large dining room to accommodate 32 guests, as well as the wellness area with a sauna and massage room, there are plenty of areas for for everyone to relax, do their own thing and catch up about their day.

Throughout your stay here you will be able to enjoy a freshly prepared breakfast each morning to make your sure you are ready for a day on the mountain. On your return a delicious array of home made afternoon snacks, sweet or savoury will be ready for you to munch on before the pre-dinner canapés and drinks. Then find a seat in the large dining room, taste your way through the 4 course dinner and toast with wines expertly selected by a local sommelier.

But it's not just the fabulous chalet itself which makes it perfect for groups. This luxury ski chalet is located just minutes from the St. Anton bustling village centre, with its abundance of bars, restaurants and shops, and less than a 5 minute stroll to the piste, giving it one of the most envious locations in resort.
