

## Chalet Nanuq Courchevel 1850, France

### What we love...

We love the wonderful spa, with sauna, swimming pool, steam room, treatment room and gym.

Mountain views, all the amenities you could wish for on your doorstep, and the best of everything. What more could you ask of a luxury ski chalet in Courchevel 1850, one of the world's most prestigious ski resorts?

At Chalet Nanuq, the owners have done all they can to ensure the living is easy. For a start, one can ski from the front door, meaning no wasting time getting to the lifts. But there is also always someone on hand to sort whatever it is you need doing, from putting together fabulous menus to ensuring your drinks are kept topped up.

The communal living areas are beautifully designed to be relaxing and sociable. Spacious, squasy L-shaped sofas are gathered near the chalet's open fire and in the evenings, the south-facing terrace, with views over the Tarentaise valley, is a very fine spot to gather with a night cap and watch the stars come out.

The luxury bedrooms are kitted out with everything you could wish for to make your break a real retreat.

From luxury beauty products to slippers, bathrobes and more, you'll leave here feeling thoroughly rested and restored.

Despite being literally seconds from the slopes, there is so much to keep you busy in this glamorous chalet. Guests who would benefit from a little TLC will be well looked after here. The chalet has a private spa, which includes sauna, Hammam and fitness room, as well as a stunning swimming pool. The spa is the perfect place to unwind after a morning on the slopes, while your chef prepares your evening meal.

If you or the children are in need of a little downtime, you could do worse than to chill out in the chalet's cinema room or games area, where you can lounge in front of a film or use the games consoles. If you're really lucky the grown-ups will forget you haven't gone to bed yet, and you can hunker down in there until well past your bedtime! Play is taken seriously at Chalet Nanuq.
