

Chalet Spa Verbier Verbier, Switzerland

What we love...

We love the sophisticated indulgence of Chalet Spa Verbier, with its focus on relaxation and fun.

Summer or winter, Chalet Spa is an experience you will treasure for many years to come. One of Verbier's finest luxury ski chalets, it has a superb position looking out over the Mont Blanc valley, a short stroll from the Savoleyres ski lift.

This is what luxury is all about, whether you are here for invigorating winter sports or for the joys of summer in the Alps. Super sleek interior design, cashmere throws and handmade mattresses... You get the picture. Created as the epitome of creature comfort, Chalet Spa combines the cossetting yet discrete service of a boutique hotel with the exclusivity of a private luxury chalet.

After an energising day out in the mountains, settle into the cedar hot tub on the sun terrace with a glass of champagne in your hand. Then join the others in the pool area, enjoying a soothing massage whilst your private chef prepares a mouth-watering meal. Later on, after dinner, check out the high tech

music system meal or watch a film in the chalet's private cinema room.

Depending on your mood, Chalet Spa Verbier feels like a tranquil haven of serenity, a chic designer crib, or a fabulous playroom. Everywhere you look, there are mirrors that turn magically into TV screens, computer games consoles, state of the art gym equipment and luxurious furnishings.

The personalised service means that you can just sit back and relax whilst all the little details are taken care of. The staff can arrange anything from in-chalet boot fittings to ski passes, restaurant bookings and childcare.

Of course, as the name of the chalet implies, the spa is to die for. Beautifully lit, it contains a 10m pool, a sauna, steam room and gym, and a team of therapists can be summoned to provide beauty therapies and massages. And to travel around resort you have a dedicated chauffeur. Luxury for every aspect of your trip.

Kids

Not just a winter wonderland for the adults, Chalet Spa is also a dream come true for the kids. You will have trouble persuading them to go out in that cold snow when there is so much to play with at home. There are plenty of games throughout the chalet, and the private cinema room is likely to become a play den.

Of course, most kids love to splash around in the pool, and this one has can even be transformed into a volleyball court which older children will love.

Older kids will disappear for hours when they discover the Xbox, Playstation and Wii consoles, and in summer they can have a game of table tennis out on the terrace. Babysitting and nannies can be arranged through your concierge, so just let us know whatever you need to keep them happy and your chef will be happy to prepare an early children's supper too.
