

## Chalet Zari St. Anton, Austria

### What we love...

Having access to the wellness area on the ground floor of the building. The indoor pool in particular is really lovely.

Perched up on the mountainside in the Nasserein area, above the town, this luxury ski apartment forms part of a chalet, with pool, sauna, steam room, fitness area and beauty rooms, making it the perfect spot for those seeking a little rest and relaxation. Those pursuing a social atmosphere will also not be disappointed, as the chalet has a shared private but social shared bar area.

The luxury ski chalet in St. Anton has traditionally Alpine good looks from the outside, and indoors is stylishly sophisticated and contemporary. A neutral palette of greys complements perfectly the antique wood and slate interiors. The cosy living and dining space is

uber comfy and so welcoming – the perfect spot to relax and catch up with friends while your private chef serves canapés and prepares your dinner.

After your evening meal, retire to the fireside with your port and cheese, or take a warming mug of coffee out onto the balcony to breathe in that mountain air by night.

At the end of a day filled with fresh air and fine food, you'll be thankful to retreat to one of the spacious bedrooms, designed with high levels of comfort and cosiness in mind, to lose yourself in fluffy bathrobes, warm slippers and luxury beauty products. Total bliss.

## Eating

Talented chefs and sommeliers will ensure food and drink are as high on the agenda here as the skiing. From your first cup of tea of the day – brought to you in bed of course, to your delicious four-course dinners, every mouthful is given careful thought at Kanzi.

A hot breakfast will be served to ready you for a day on the slopes, and when you return home from your day's skiing, you'll find a slap-up tea waiting for you. On the staff days off, continental breakfast and afternoon tea will be laid out for guests to help themselves.

Drinks and canapés are served before dinner on five nights. Your evening meal is always something special – creative menus combined with high quality ingredients, local wherever possible, and wines specially selected to complement each meal. Menus can be tailored to suit your wishes and your chef will be happy to take into account any dietary requirements.

You'll have two evenings a week to sample the local restaurants of St Anton and your chalet hosts will be more than happy to make recommendations and bookings.
