

High 7 Penthouse Zermatt, Switzerland

What we love...

We love being able to zip down in the lift straight onto the slopes from this luxurious retreat. Beautifully finished, this duplex Penthouse also has its own spa area for winding down at the end of an exhilarating day.

Snuggled up under the rafters of this plush ski-in/ski-out penthouse, your eye is drawn outside to the twinkling lights of Zermatt and the outline of the Matterhorn against a brooding night sky. The floor to ceiling windows of the High 7 Penthouse chalet create the sensation of being on top of the world, in this Swiss winter wonderland.

The Penthouse has plenty of space over two floors for eight guests and is one of four beautifully furnished apartments in the Chalet High Seven building. It has the kind of chic, deluxe style that graces the pages of interiors magazines. Warm wood, natural stone and soft woollen tweeds abound, and the space is filled with light. Sleek contemporary kitchen and bathroom fittings give it that chic, boutique finish.

Five star service is all part of the experience at the High 7 Penthouse chalet. Your host serves you a refreshing glass of champagne and sorts out all the details of your stay. Your lift passes, ski lessons and activities can all be arranged

whilst you relax on the sofa, or take a soothing hot bath in the beautiful freestanding tub. And the housekeeper visits every day, so you always come home to a perfect pad.

In the kitchen, the chef is busy preparing a delicious meal, spoiling you with gourmet treats from breakfast through to afternoon tea and the evening meal. Kick back in front of the striking 360 degree fireplace, or step out onto the balcony to appreciate the magical setting of High 7 Penthouse, set within Zermatt's exclusive Winkelmaten district.

Apart from the deluxe credentials already mentioned, there is an added feature which makes it really special. Chalet High 7 Penthouse has its own gorgeous wellness area, where you can sooth away aches and pains in the Bio Sauna and Jacuzzi-style relaxation bath. Your host can also arrange for beauty therapists and masseurs to visit.

And the icing on the cake is the fact that you can ski in and out. Just glide up to the door and zoom up to the cosy nest of the High Seven Penthouse.

Rooms

Chalet High Seven Penthouse has four bedrooms sleeping 8 (+1). There is room for an additional bed in one of the twin rooms to accommodate one extra person should you need it.

The spacious Master bedroom is located on the upper living floor, with a large en-suite bathroom and walk-in shower. From the bathroom you can also access the wellness area.

Three further bedrooms are on the lower level. The beds in these rooms are Austrian twins which share a base but have separate mattresses and duvets. Two of these rooms have freestanding bath tubs as well as showers, whilst the third has a shower room and access to the balcony.

Eating

Guests at this sophisticated Penthouse are looked after by an experienced private chef who is happy to adapt the gourmet menus to suit your tastes. A pre-arrival menu consultation gives you the opportunity to discuss likes and dislikes, plus any specific dietary requirements.

Daily breakfasts and afternoon teas are included, as well as delicious 4-course evening meals which are served on six nights of the week, complemented by carefully selected house wines as you tuck in to the aromatic food, at the stylish dining table.

And if you have children, the chef will be happy to prepare a separate early supper for them if you prefer. Then you might be able to get the kids to bed before settling down to an evening of feasting and conviviality.
