

Villa Basileia Mykonos, Greece

What we love...

We love getting the best of everything here – from the privacy of your own luxury villa to the services and amenities of boutique hotel just moments away.

Perched on the water's edge, just moments from the famous Mykonos windmills, Villa Basileia is a luxury villa on the island of Mykonos that offers intimacy and quiet as well as unparalleled levels of service and all the facilities of a top boutique hotel.

The villa has three suite-style rooms, each with a luxury spa-style bathroom. A very well-equipped kitchen means you can eat in the privacy of your villa if you prefer that to dining out.

But the jewel in the crown of Villa Basileia is undoubtedly its fabulous outdoor rooms. The sundeck, with views out to sea is the perfect spot to soak up the sunshine on the comfortable loungers, with a good book in hand while your butler mixes your drinks. A dedicated dining area and an outdoor lounge mean you'll barely feel the need to step inside here and, with staff on hand to ensure your every whim is catered for, you won't lift a finger.

Guests of the villa will also enjoy being pampered in the nearby Belvedere hotel's fabulous spa, dining from chef Nobu Matsuhisa's renowned restaurant and popping down to the Watermelon Bar to be wowed by the hotel's amazing mixologists, all within 500 meters of the villa.

But when you feel the need to hide away from the world, you can close the door of Villa Basileia and retreat to your own private space.

It's impossible not to relax here, whether you're floating in the private infinity-edged swimming pool with hammock swinging gently in the breeze nearby, easing tired muscles in the whirlpool, or simply horizontal on one of the day beds out on the terrace with a view of nothing but sun and sea and the gentle sound of the waves below you.
