

Villa Gallo Tuscany, Italy

What we love...

Floating in the swimming pool in the walled garden, breathing in the heady scent of lavender.

Basking in the middle of fields under the Tuscan sun, sits Villa Gallo. This attractive, two-bed property is as charmingly rustic on the outside as it is achingly contemporary on the inside.

Exposed brickwork and natural fabrics in neutral, muted shades make the open-plan living space utterly restful - the perfect spot to seek some shade with a book in the midday heat. Both bedrooms feel equally serene, decked out in crisp whites and terracotta, with adjoining spa-style bathrooms. With the scent of lavender drifting in on the breeze, we guarantee a good night's sleep here.

Outside, you have the benefit of a private garden, the perfect spot for alfresco meals, with views of the surrounding hills, as well as the shared walled lavender garden with reflective pond swimming pool.

A top-class concierge service means that while you can enjoy all the peace and privacy of your own villa, your every need can be catered for, too. Staff are on hand to organise cooking lessons, balloon rides or even classic car hire, as well as arrange for yoga instructors, masseurs and other therapists to visit you in the comfort of your villa, so you won't have to lift a finger. At Villa Gallo, rest and relaxation is practically mandatory.

Villa Gallo

Rooms

Villa Gallo sleeps four people in the two bedrooms. Bedrooms can be made up as twins or doubles. Each has its own bathroom, as well as a sound system and air conditioning.

Eating

Foodies will enjoy seeking out local ingredients to prepare in Villa Gallo's modern kitchen and enjoy outside on warm evenings. Wine tastings and tours of local wineries can be arranged and you can even book cooking lessons on site. If you wish to eat out, your concierge will be happy to make bookings for you. A private chef can also be hired for your entire stay to shop and prepare all your meals for you.

Kids

Children will enjoy splashing about in the swimming pool (shared with just one other villa, opposite). The pool is situated right outside the property, providing easy supervision and peace of mind for those with younger children.

The concierge service will happily organise activities, from hot-air ballooning to horse-riding to mountain biking around the estate. To enable adults to go out for the evening, nannies can be arranged.

Location

Villa Gallo is situated in the Valdichiana, a valley right in the heart of Tuscany, and one of the first Etruscan settlements.

The nearest airports are at Florence (around one hour away) and Rome (around two hours away).
