

Villa Nina St. Barth's, Caribbean

What we love...

We love the private art gallery – a wonderful surprise in a luxury Caribbean villa and always changing.

Style and substance in equal measure. Villa Nina is one of the most chic and stylish villas in the area, with facilities to die for.

This luxury villa on St Barth's is a stunning bolthole, perfect for two couples or families to share, and with so much to recommend it.

Spacious and relaxed lounge areas provide a place for you to kick back and relax, while there are several stunning dining spaces, both inside and out, where you can eat and enjoy the wonderful outlook of this villa onto the ocean.

The two bedrooms are decorated in a unique and luxurious style – dark woods lifted by zingy citrus shades - creating restful retreats that are high on character and relaxation.

It's the extras here, however, that really make Villa Nina something

special. Private swimming pool AND spa pool? Obviously. Your own access to the beach? Of course. Art gallery?... Well, why not?

And all this is within the enclave of one of the world's most prestigious and intimate resorts. A favourite for the last 50 years of A-list celebrities, including Greta Garbo and Howard Hughes, and a magnet for foodies, Eden Rock is a magical destination and the staff here at Villa Nina are virtually invisible, yet ever-present, always ensuring your every wish is taken care of.

Sit with your feet in the sand ordering dinner and cocktails, or simply sink into one of the sun loungers around your own private pool and stare up into that enormous blue sky. However you choose to make the most of this fabulous property, it's an experience that will stay with you long after the golden tan fades.

Overseen by the world-famous master chef, Jean-Georges Vongerichten, the exclusive resort has two wonderful eateries right on site. Firstly there is Sand Bar, which, as the name suggests, is right on the white sands of the beach and is open both day and night, serving international cuisine with a panoramic view of the Caribbean. Then there is On The Rocks, a fine-dining experience, with views of St Jean Bay and on the way back to your luxury villa why not stop off at the 'Rock Bar' for a night cap or two.
