

Apartment Petit Chamois Meribel, France

What we love...

We love the movie playroom, as popular with big kids as little ones...

When traditional good looks meet super-contemporary fixtures and fittings, you have a winning combination.

Apartment Petit Chamois is a luxury self-catered ski chalet in Meribel that offers the best of both worlds; mountain-style charm in its rich and rustic stones, alongside Wifi, a movie playroom and hundreds more mod cons to ensure your holiday is completely comfortable and stress-free.

All the little details have been thought of here, from fluffy robes and slippers to luxury bath products to make your morning ablutions a treat. So from the second you set foot through the door you'll feel instantly relaxed and at home.

Staying in a luxury self-catering ski chalet means you get to call all the shots. The property has a lovely dining area off a top-of-the-range kitchen so you and your party can make cooking and eating a really sociable experience. But if you want

to just head out into Meribel to enjoy the plethora of restaurants in and around the area, the whole of town is your oyster.

A roaring fire sits at the heart of the apartment in the cosy living area. There's plenty of room for everyone in your party to gather together in the afternoons following a busy morning on the slopes. There's also a fabulous terrace and a large balcony, with great views over the Meribel valley - best enjoyed over a glass of champagne. And if you want to fill a quiet afternoon, cosy up in the playroom/movie room and catch a film with your friends or loved-ones.

One of the best aspects of this luxury ski chalet, however, is its proximity to the snow. The apartment is ski-in/ski-out so you never waste a moment getting out on the slopes when you could be whizzing down the mountain. And if you prefer to take things a little more slowly, the property is just a minute away from the Adret ski lift.

Eating

Apartment Petit Chamois has a fabulous self-catering kitchen which amateur chefs will have lots of fun cooking in. The area is a foodie's paradise with local bakeries, dairies and more within easy access, where you can stock up on local ingredients to try out.

Meribel also has a fabulous restaurant scene it's well worth making the most of and the resort staff will be pleased to assist with making bookings. We particularly like Le Clos Bernard, in a fabulous forest setting near the altiport, Les Cretes for traditional but beautifully done mountain fare at the top of the Tougnete lift, and Chez Kiki near the Le Morel chair - an ideal place for family dinners.

Additional services such as pre-arrival shopping, breakfast and evening meal deliveries can be arranged on request for an additional charge.

Kids

This chalet is ideal for anyone seeking a luxury family ski holiday; children are made very welcome and there's lots to keep them busy. The resort staff can help with booking ski lessons, activities and childcare.

When the children are home from their time out in the snow, they will love using the movie playroom to entertain themselves, catch a film or just hang out. The four-berth bunk room makes a welcome place for them to hid out in - their very own (no-grown-ups-allowed) den.
