

Domain Toit du Monde Val d'Isere, France

What we love...

We love the ski-in/ski-out location and the swim-in/swim-out pools.

The Domaine Toit du Monde is the combination of Chalet Himalaya and the Chalet Toit du Monde, two totally unique luxury ski chalets created from an Alpine monastery. The two chalets can be made into one with an ingenious sliding wall which can be opened to create one living space.

Opportunely situated at the foot of La Daille's green piste, this unusual luxury ski chalet boasts the tantalising aspect of a truly ski-in/ski-out location. Once inside, the seamless service and even more impressive interior, filled with expertly sourced antiques and finest mod cons will only enhance its credentials.

Take in the impressive, slabs of ceiling high marble, sink into the fur clad sofas and watch as at the merest touch of a button a giant drop-down HD screen slides silently into view, transforming the room into your very own private cinematic amphitheatre. If the bright lights of the main village don't beckon, take advantage of a blissful movie night in where attentive staff will keep the roaring log fire, and your Perrier Jouet topped up.

Have a James Bond moment when you plunge into one of the two Domain Toit du Monde's indoor/outdoor pools. Relax in the Jacuzzis and watch as the kids frolic in the wave machines, with water temperature kept as comfortable as a dip in the balmy Caribbean Sea.

The chef can't fail to impress with a delicious 4-course evening dinner cooked to perfection in the sleek kitchen, as you watch and nibble on delicate canapés. Afterwards, those who wish to retire in peace can choose to escape to the sanctuary of the two Cigar Rooms (complete with humidifiers) or return to their private suite to collapse onto a handmade king size bed or submerge aching limbs into a hot bath.

The experienced staff are on hand to take care of everything, recommending and booking the very best options in resort from private ski tours, to lunches up the mountain or luxurious beauty treatments. And if you fancy a G&T just how you like it when you get back from your day of skiing, just let them know...how's that for table service?
