

Chalet Hidden Peak Courchevel 1850, France

What we love...

We love the stunning indoor swimming pool calling guests back to the chalet after a day on the mountain.

As homes in the mountains go, Chalet Hidden Peak is quite a special one. First of all, you have the super convenient location of the chalet, which sits just a stone's throw from the Cospillot piste, so guests can enjoy ski-in/ski-out access. This position means that you can bypass the crowds in the centre of Courchevel 1850 and zip straight up to the higher lifts of the resort.

Then you have the chalet itself, 650sqm of luxury spread over 4 floors. At the top you have the large open plan living space, complete with high beamed ceilings and copious amounts of glass, which gives spectacular views across the valley to the mountains beyond.

Downstairs you'll find 6 beautiful ensuite bedrooms, immaculately

finished, providing you with a luxurious sanctuary all to yourself.

Venture downstairs even further and discover the jewel in the crown - the indoor swimming pool and stunning spa. Nothing beats a swim after skiing, followed by a steam in the Hammam to soothe those aching muscles.

And last, but by no means least, you have the fabulous service from the professional team of staff. Chalet Hidden Peak is one of six independent luxury chalets managed by the five star Le K2 Palace hotel with all its facilities is at your disposal, you'll be looked after impeccably from the moment you arrive to the moment you have to reluctantly depart.
