St. Martin de Belleville, France

What we love...

We love the chalet's outdoor hot tub, perfectly positioned on the terrace with views over the village below and mountains beyond.

Clean lines, aged wood and spectacular views - Chalet Quebec oozes class. In the charming village of St. Martin De Belleville lies this recently refurbished chalet built with your luxury ski holiday in mind.

Accommodating 12 + 2 guests across six beautifully presented bedrooms, this sophisticated chalet provides the perfect home from home. Offering extensive views over the village below and mountains beyond, Chalet Quebec is adorned with aged timber blending in perfectly with numerous shades of grey furnishings and haberdashery. The living area is warm and cosy; the open plan living space flows beautifully from the bespoke kitchen into the double height dining area and living area.

Linked by a central roaring fireplace and embellished with faux fur throws, rugs and soft lighting, this glorious living space will be where memories are made sharing the day's mountain exploits with friends and family.

Ideally located right by the piste, you can clip into your freshly waxed skis and glide away in the morning only to swoosh your way back to the boot room in the evening. Ski-in/ ski-out access is surely the basis to any perfect luxury ski holiday.

After a long day on the slopes, where better to rest up those weary limbs than on the terrace, soaking in the outdoor hot tub with a glass of bubbly watching the sun set and light of the village come to life. The perfect accompaniment to your luxury ski chalet. If you haven't pushed yourself hard enough, there is also a gym if you wish to maintain your fitness regime.

At the end of each evening, after a nightcap in front of the fire or on the terrace, it's time to turn in for the night. To ensure you sleep long and soundly, each bedroom is designed with comfort in mind, with puffy duvets and luxury bath products, ready to make the most of everything the 3 Valleys has to offer in the morning.
