

Chalet White Pearl

Val d'Isère, France

What we love...

We love the ultra-chic interior design of this gorgeous ski chalet, with its fabulous pool and steam room.

You would be forgiven for thinking you had just walked into an interior design photo shoot by mistake, but no. This is the divine Chalet White Pearl.

White Pearl sits alongside its twin, Chalet Black Pearl, in a prime position in Val d'Isère. As you arrive at this three storey oasis of cool, a glass of chilled champagne awaits.

Offered on a bed & breakfast basis, a delicious continental breakfast is served daily and a housekeeping service keeps things neat and tidy. In-chalet massages and beauty treatments are easily arranged, as well as private boot and ski fittings. You don't have to lift a finger.

Chalet White Pearl has been purposefully created to combine high-tech glamour with natural beauty and clever design. Warm, traditional wood and stone fireplaces sit alongside the sleekest modern styling and shades of pale. The beautiful ground floor pool has a jet stream and a steam room. And the first floor, open plan living space is filled with natural light and opens onto a sunny terrace.

After an arduous day on the slopes, come home to a roaring log fire and an invigorating massage, or a relaxing swim in the indoor pool. If you are still awake, you could watch a movie on in the private cinema room. Ahh...bliss.

Kids

Be careful or the children might take over your luxury ski pad as their own super-cool playground. They can spend hours splashing around in the pool, and taking control of the Playstation or the home cinema system. Fortunately, Val d'Isère has lots of activities to keep kids active, and the White Pearl staff can make all the arrangements.

Private ski lessons or fun tobogganing runs are top of the list, and there are plenty more snowy adventures to try, such as husky sled rides. The Oxygen activity centre offers an indoor climbing wall, and there's an outdoor skating rink too.

Chalet staff are on hand to make childcare as easy as possible during your stay. If you need anything at all, including high chairs and cots, it can be arranged. They can also organise professional nannies and babysitters to give you a much-needed break too.

Location

Chalet White Pearl is ideally located between the villages of Val d'Isère and La Daille. It is 10 minutes walk from Val d'Isère, and just a 2 minute chauffeured drive to the ski lifts.

Guests benefit from a shuttle service in the morning and afternoon, and there is also a ski-bus stop next to the chalet, from which regular buses run around the resort.

Geneva and Lyon airports are both approximately 3 hours away.
