

Villa Aleta Zakynthos, Greece

What we love...

We love the wonderful pool with its waterfalls, massage features, bar and outdoor shower.

Relax in your own island paradise. Aleta is a luxury villa on the beautiful island of Zakynthos perched on its own platform with amazing sea and mountain views that form a stunning backdrop to every room.

The villa's designers have really made the most of the fabulous location here. Floor-to-ceiling windows open the view right up from indoors and there are spacious sun terraces where you can soak up the outdoors while barely leaving the comfort of your lounge.

For those with a yearning for adventure, the villa's staff can arrange anything from canoeing to kayaking, scuba diving to snorkelling, as well as tennis, fishing trips and wine tastings, both in the villa itself and at local vineyards.

For those who prefer their luxury villa holidays a little more laid back however, Villa Aleta will not fail to delight. Indulge in a massage or manicure, or a gentle yoga or pilates session in the privacy of your own luxury villa. The pool area is simply stunning: the pool itself has aero and hydro massage features and views out over the sea directly below. Nearby there's a hot outdoor shower and a spacious pool terrace with comfy sun loungers and stacks of pool towels ready for you.

An outdoor bar turns the pool terrace into a wonderful space for a party or you may like to simply wander through the delightful gardens, taking in the flora and fauna and those fabulous views of the Ionian sea. The gardens are a gorgeous place to throw a party too, whether an intimate wedding or just a big family gathering.

Inside, Villa Aleta is as comfortable and homely as it is stylish and well-appointed. A light and airy living room provides a shady spot to sit in the heat of the day on your luxury villa holiday or a cosy place to gather in front of the fire on slightly cooler evenings.

A spacious and well-equipped kitchen gives you a place to either cook up a storm for your party or watch your private chef at work, before taking your seats in either the indoor or outdoor dining area to enjoy a leisurely meal of local delicacies or family favourites.

Each of the three bedrooms has been designed to be super-comfortable, with automatic climate control and luxury linens and towels for a hotel experience with all the peace of a private luxury villa.
