

Villa Aurora Ibiza, Spain

What we love...

We love the villa's seafront location, offering exceptional views of the Mediterranean and direct sea access.

For those wishing to spend their holiday gazing at the Mediterranean sea from one of the finest villas in Ibiza, look no further.

Located on the stunning south coast of the island, Villa Aurora brings a special blend of modern luxury and rugged seclusion whilst offering an unsurpassed level of luxury.

A short hop from the charming fishing hamlet of Es Cubells, the location is ideal for those seeking respite in a classy retreat on the quieter end of the White Isle. The expansive property is perched on its own cliff with mesmerising views across the ocean and direct sea access. This is what dreams are made of.

Carved into the hillside and spread across a vast plot, this magnificent seven en suite bedroom luxury villa sleeps 14 guests and has been specifically designed for you, your holiday and your enjoyment.

The indoor living area is open plan and designed beautifully. The bespoke rosewood kitchen has everything you could need for your stay, whilst the large accompanying dining table seating up to 14 guests in teal velvet chairs, adds a touch of colour to a gorgeous room.

You haven't come to the Balearics to spend your time indoors though have you? Outdoor living is what the Balearics are all about and the immense terrace with numerous white loungers, pergola, seating and dining areas and even an outdoor projector, will be where your holiday memories are made.

You've been dreaming of that moment where your host passes you a glass of Champagne whilst you lounge on the chill-out area of one of the finest terraces. The sound of waves lapping down below as the sun dips towards the horizon of the shimmering sea, will bless you with all the hedonism The White Isle is famed for.
