

Villa Viera Ibiza, Spain

What we love...

We love the sound-proofed private club with DJ decks, bar and dancefloor – perfect for hosting your very own private soiree.

Like your parties with just as much fun but just a little more luxury these days? Villa Viera might be your perfect match. Set in the exclusive Cap Martinet area, this luxury villa in Ibiza offers all the privacy, peace and quiet you'd expect but is just moments from the beating heart of Ibiza with its music scene, vibrant restaurants and bustling shops and cafes. You really can have the best of both worlds at Villa Viera.

Beautifully designed in a contemporary style that makes the most of its fabulous location and awesome views, this luxury villa is open-plan and features floor-to-ceiling glass windows offering glimpses of the Old Town from several spots.

Top-of-the-range equipment and gadgetry make the modern kitchen the perfect place to cook up a storm or relax and watch your chef at work. And there's bags of communal living space, whether you're using it for family gatherings, laid-back lunches or simply chill-out time, sprawled on the huge sofas enjoying quality time with friends.

The centrepiece of this amazing party house, however, must be the private club. A soundproofed area, with bar, seating zones, DJ decks, dance-floor and even sub-aquatic windows looking into the swimming pool!

For lazy days in the sunshine, float into the infinity pool, looking up into that deep blue Ibizan sky, bubble away in the hot tub with a cocktail as the sun sets, or simply set yourself up on one of the terraces with a good book. It doesn't get much better than that.

Each of the bedrooms is individually designed with fun extras - a rustic stone bath tub in one, huge walk-in showers, plush upholstered chairs and stunning views through floor to ceiling windows. Each room is a welcome retreat - whether at midnight after a long, leisurely meal under the stars, or at 7am following a night on those famous Ibizan tiles.
