

Villa Jardin Ibiza

What we love...

We love the hanging chairs, pergola lounge and rustic al fresco dining spot, meaning everyone can find their own peace of paradise in the beautiful 'jardin'.

Contemporary cool set in Ibiza's rugged interior. In the heart of a tranquil hinterland, Villa Jardin offers up to ten guests the promise of unrivalled comfort and sublime serenity in a simply idyllic setting.

Set amongst magnificently manicured gardens, this sophisticated home from home has been created with your holiday in mind.

Five stylish en suite bedrooms offer seclusion and privacy in their own lavish setting. The interior decor is modern and minimalist yet stylish and welcoming. The polished concrete floor contrasts effortlessly with the locally sourced timber feature walls which in turn blend in beautifully with plush sofas and classy fittings.

Hanging fireplaces create an eye catching design feature in the bedrooms - a clever distraction from the view of the lush gardens and Balearic hue through the floor to ceiling windows enveloping the villa.

The spacious garden exterior is vivacious in colour with its green stripy lawn and native flora contrasting again with the rolling Ibizan plains. The gorgeous grounds are scattered with white hessian loungers, rustic dining areas, inviting hammocks and hanging egg chairs offering variety and contrast, shaded from the summer sun by whicker pergolas and pale parasols.

If things are getting a little too laid back for your liking, kick off on your own private football pitch or head to the indoor cinema room where you can grab a seat on the large day bed and watch a favourite flick on the projector screen.

Where better to lay back on a lounge, sip on a chilled Spanish sangria and listen to the crickets under the dipping summer sun? When the heat gets a little too much, cool down in the shimmering swimming pool with its aged olive trees for company, and let the paradise of Villa Jardin take all your cares away.

Kids

As if the 23 x 5m swimming pool wasn't enough to keep the kids entertained, at Villa Jardin there's a summer house which has been converted into a kids playroom. With air-conditioning and more toys than Toy Story, it's a dream come true for the little ones. Outside there is even a marked out football pitch equipped with goals and everything!

When pretending to be Lionel Messi wears thin, the kids can rest up in the cinema room and stream movies into the night.
