

Villa Vista Isla Ibiza

What we love...

We love the way the bi-folding glass doors create a picture frame, so the views of Formentera island and the vast surrounding sea are captured inside and out.

Simple style on The White Isle. On the outskirts of Ibiza Town and in a prime, fashionable location, Villa Vista Isla is one of the best located villas on the island.

Villa Vista Isla offers views to die for from almost every angle, painting a vision of Mediterranean bliss. The cyan sky blends seamlessly into the shimmering lapis lazuli sea, contrasting beautifully with the gleaming white masonry of the villa walls. The luxury swimming pool completes the picture with its cool aquamarine shades, pale stonework and green shrubs. And of course the incredible views out towards Formentera island and the old town of Ibiza. Glorious.

Loungers are strategically placed around the pool and terrace offering differing views, fulfilling this dream to perfection. Parasols add shade, contrast and respite from the midday heat but nothing cools you down better than a dive in the invigorating swimming pool.

This stunning Spanish home has been renovated to offer its lucky guests a taste of Ibizan life all wrapped up in a neat and tidy package. Simply designed yet lavishly embellished, the open plan living area within offers pale, comfy

furniture, light timber ornaments and a feeling of warmth and homeliness. Bi-folding glass doors retract, framing the magnificent sea view, where a shaded al fresco dining table has the best seats in the house for dinner with a view.

Sleeping 12 guests amongst the six stylish en suite bedrooms, most of which have terraces and offer views across the deep blue sea, this luxury villa is the perfect Ibizan retreat for you, your friends and family. Equipped with Sonos sound systems and furnished in pale greys and aged timber, they are beautifully presented and epitomise the simple style of this fairy tale island.

The exterior, however, is why you've chosen the Balearics as your holiday destination. Swaying palm trees, gorgeous magenta bougainvillea complimenting the gleaming white masonry and shimmering swimming pool. Imagine lounging around the pool armed with a cocktail soaking up some Mediterranean sun. The only sound you'll hear is the warm summer breeze flitting through the leaves of the palms. In an upmarket residential area, you are a 15 minute drive from the action of Ibiza Town, but at your villa you can be assured of peace and quiet as night falls. Paradise.
