

Chalet Inverno Verbier, Switzerland

What we love...

The TV den is sure to impress young visitors. Don't miss out though – even if you have to fight them for the remote.

If you prefer alpine-chic ski chalets with a smattering of luxe, you'll find your spiritual home at Chalet Inverno in Verbier.

A rustic stone fireplace and mounted stag's head set the tone for the impressive living space. Add a palette of calming neutrals and beautiful natural woods and flagstones and you have a mountain apartment that is more a cocoon than simply a place to rest your head.

After a morning on the slopes, why not sink into the freestanding tubs in the spa-style bathrooms, complete with 'rain' showerheads, before wrapping yourself in a fluffy robe and slippers to enjoy your afternoon tea?

While you and your fellow guests get ready for your evening meal, enjoy your favourite music in high-quality sound. Country chic it may be, but this property is bang up to date when it comes to technology with a Bose sound system throughout which can be programmed from most of the rooms.

The fab TV den provides a brilliant space for kids of all ages to escape and lounge in front of a film for a few hours.

If it weren't for the amazing skiing just minutes' walk from your doorstep, you'd be mad to leave the building...
