

Chalet Nanook

St Martin de Belleville, France

What we love...

We love the wellness area with swimming pool, sauna, Jacuzzi and more. Perfect for recuperating after an energetic day on the slopes.

Traditionally conceived and yet delivered in a very contemporary way, Chalet Nanook is a luxury self-catered ski chalet in St Martin de Belleville which ticks all the right boxes.

The property is located in a prime position, close to both the village centre and the slopes, and with amazing views of the mountain from the floor-to-ceiling windows.

Inside, Chalet Nanook is everything you'd hope for; with traditional good looks, and designed in a natural theme, with rustic woods and stone dominating the decor and occasional bursts of colour, such as in the eclectic headboards in the bedrooms, bringing a little humour and energy to the scheme.

The living spaces have plenty of room for every member of your party to gather together or find somewhere private for some peace and quiet. A statement fireplace is the heart of the communal space here and a wonderful place to get together and swap stories of your day's adventures. Several cosy seating areas offer space to park yourself with a good book or sit down and catch up with friends. And

the fully equipped kitchen and cosy dining space mean there's always somewhere to share food, wine and conversation with loved ones.

There's plenty to keep everyone busy, too. A games room with table football, snooker and a bar on the mezzanine floor. When you just need to relax, sprawl on the huge, squashy sofas and chaise chairs in the home cinema in front of a film.

If you feel in need of a little pampering after an energetic day on the slope, the private spa has everything you need to restore both body and soul. Do some lengths in the pool, enjoy the sauna and Hammam, bubble away in the indoor Jacuzzi or enjoy a massage. You're guaranteed to emerge feeling completely new.

At the end of each day, you'll fall into super-comfy beds in luxury en-suite bedrooms. We'd recommend before you do that you take a nightcap out to the outdoor dining room on the balcony and breathe in the night air and watch the stars twinkle on over the town. Chalet Nanook offers everyone a little bit of magic if they just look for it.

Eating

Chalet Nanook is a luxury self-catered ski chalet where you can enjoy the freedom to eat when and where you prefer.

The chalet has an open kitchen with a bar area so that if you choose to cook for yourselves, whoever is playing chef that night can still be sociable and chat to friends and family while preparing a meal.

Adjacent to the kitchen area is a lovely, light dining space in the open-plan living area where you can enjoy a quick breakfast before you set off for the slopes, or relax in the evening over homecooked food and a few bottles of wine.

Of course, there are lots of wonderful eateries to enjoy in Saint Martin de Belleville, too, and the property is only a stone's throw from the centre of town so it's easy to make the most of the buzzing food scene. We particularly love the three-Michelin-starred La Bouitte and the traditional French dishes at L'Etoiles des Neiges.
