

Villa Cala Bianca

Provence

What we love...

We love the two unique private pools, carved out of the limestone rock with front-row views over the glistening sea to Cap Canaille.

Villa Cala Bianca's setting is simply sublime. Perched on the edge of a limestone rock and set over four levels, this luxury hideaway cascades down the cliffside and has astounding sea views from all angles. There's even direct access to the waters via a secret path down to your own private harbour.

This luxury villa has one of the most picturesque private pools you'll ever see, carved out of the limestone cliff and perched above the shimmering sea. Take a dip and you could end up gazing out to mesmerising Cap Canaille for hours. There's also a second heated outdoor pool, ideal for swimming a few laps. Taking inspiration from classic cliffside Mediterranean gardens, the outdoor space offers plenty of lounging nooks at every level.

Cala Bianca has a soothing minimalist décor. Each bedroom has been designed as a suite; the two second-floor bedrooms open onto

a private terrace, while the third and fourth bedrooms occupy their own floors for a real penthouse feel. Fling open the doors and you can drift off to the sound of the waves crashing against the rocks far below. Shared indoor spaces include a spa room and a spacious living area. A private butler is on hand to assist with anything you need during your stay, whether that's a personal chef, private transfers or massage therapists.

If you thought things couldn't get any better: Cala Bianca is the only private villa within boutique Hotel Les Roches Blanches – a former mansion with an Art Deco style – and villa guests have access to hotel facilities including four restaurants and a Sisley spa.
