

Apartment Best View Val d'Isere

What we love...

We love the panoramic views that overlook the resort, slopes and village below.

Apartment Best View acquired its name for a reason – the birds-eye view from the apartment overlooks the entire resort and slopes below. The large terrace and floor-to-ceiling windows bathe the living area in light, showcasing amazing views from different angles. It's just calling for you to put your feet up and bask in the sun on the terrace, surveying the bustling winter scene below. If you want to take relaxation to the next level after your terrace lounging, why not relax in the apartment's Hammam?

The space opens you up to a world of luxury, right on the foothills of the slopes, sleeping up to 10 guests in five bedrooms. The bedrooms are beautifully decorated with wooden décor throughout, yet each with its own distinct personality. Each room even comes equipped with

a private dressing room – they really are isolated pods of alpine splendour. This slick design extends to the apartment's five bathrooms, each with a unique theme and style, ranging from interesting marble splashback to delicate stone design.

The signature wooden beams, terrace and the wood-burning fire are amongst the many noteworthy amenities and furnishings at Apartment Best View. Included in your stay is a helpful, in-resort concierge on hand to help you get the most out of your trip, home delivery service of all required ski gear and a friendly face to be there to greet you and show you around. Apartment Best View is built for the utmost convenience, privacy and in a space perfect for unforgettable evenings spent around the fireplace.
