

Chalet Constantia St Martin de Belleville

What we love...

We love the huge multi-purpose dining, living, lounge space separated by the heart of the house – the gorgeous central glass fire pit.

Chalet Constantia is a gorgeous chalet nestled in the village of St Martin de Belleville, brand new for winter 2022-23 season. Split across three floors with spectacular panoramic views from the floor-to-ceiling windows in the main living areas, this luxury chalet truly offers everything you might need for an indulgent winter holiday in the mountains.

Step inside into the open-plan living space, bathed in light from the windows bringing warmth to the space – perfect for sociable groups looking to enjoy the beauty of the surrounding area together. Local artisan furnishings give each room its own distinct look, making it a journey of discovery for each guest and adds that extra element of excitement when you arrive. Vaulted ceilings add the spacious feel of the property's main lounge area perfect for nuzzling up around the glass-sided fire pit. The room

is multi-purpose, where you can enjoy your morning cup of coffee at the breakfast bar, or enjoy your delicious breakfast for champions at the large dining table.

The ground floor hosts the private TV snug, play den/games room (with bunk beds) and roaring flames from the fire – you can enjoy feeling cut off from the world here and let yourself be carried away by the magic of the place, every day.

At the end of each day, your tired muscles will get the treatment they deserve when you step back into the chalet. The spa facilities are dreamy, with an outdoor hot tub and sauna nestled on the terrace providing both privacy and access to the breath-taking valley views. Added with sumptuous towels, bathrobes, luxurious toiletries and lots of little details make this chalet the perfect sanctuary after a day on the slopes.
