

## Silver Fox Apartment 3 St Anton

### What we love...

We love the open-plan living space, where a vaulted ceiling, exposed beams and a library wall add serious charm, and a secret snug area sits tucked above the books.

Smart, modern and homely, a stay at Silver Fox Apartment 3 is seriously inviting. This luxury duplex ski apartment in St Anton sits on the top floors of the new Chalet Silver Fox and guests will love the views from the statement wooden balcony, where you can peep out over the rooftops to snowy mountain peaks.

Inside, an atmosphere of contemporary alpine chic pervades, with a spacious open-plan living room featuring a vaulted ceiling and exposed beams taking centre stage. Book lovers will adore the library nook, which extends above the wide doorway, and, above the books, you'll find a hideaway snug – the perfect place to curl up with a good read.

The modern kitchen is fully equipped with everything you could need to cook up a storm. It's tucked away behind a clever

partition wall, so meal preparations can be as sociable or as private as you wish before calling guests to gather around the large dining table. Bedrooms are cosy cocoons designed to guarantee a restful night's sleep, each with their own en-suite bath or shower room.

After a day out on the slopes, return for afternoon tea, then head to the slick sauna and relaxation area (shared between the three Silver Fox apartments) to ease weary muscles. Every element of your luxury ski holiday has been considered, so you also have use of a washing machine, underground parking with space for 2 vehicles, a large shared ski room and a ski depot at Nassereinbahn.

Silver Fox Apartment 1, 2 and 3 can be booked on an exclusive use basis with total accommodation for groups of up to 32 guests.
