

Penthouse Savoie Val d'Isere

What we love...

We love the central village location, where you can gaze out over the Olympic ski run from your penthouse terrace.

With a penthouse address smack bang in the centre of Val d'Isere, this delightful property immerses you in world-class ski village life while enjoying an air of privacy. Perched on the fifth floor of a prestigious residence, Penthouse Savoie is a luxury ski apartment with breathtaking vistas and a stunning modern alpine design.

A team member will greet you on arrival to show you around. You'll feel the warmth and serenity as soon as you step inside thanks to the charming oversized beams, roaring fire and double-height windows showcasing the snowy mountain scenes. Wander out onto the private terrace and you'll be treated to views of the Face de Belvedere Olympic ski slope – it's particularly magical at night when you can watch the skiers descend by torchlight.

At this luxury apartment in Val d'Isere, the open-plan kitchen-diner-lounge keeps things sociable if you choose to self-cater, and modern appliances – including an American-style fridge – make it easy to whip up delicious meals. After dinner, pop a log on the fire and sink into one of the squishy sofas for care-free quality time together.

Four cosy en-suite bedrooms cocoon guests in a warm and soothing alpine style. Thick duvets, plush robes and slippers add to the levels of comfort. Families will benefit from the clever design that makes the most of every bit of space – one of the double rooms shares a jack-and-jill bathroom with a compact bunk room ideal for two children. With a private concierge dedicated to your stay, you can nod off to sleep safe in the knowledge that the team will take care of everything for you.
