

Villa Minerva Majorca

What we love...

We love the sun-drenched swimming pool area with its chic deck and swimming pool where you can float high above the sparkling waters of Port d'Andratx.

If you're seeking a luxury villa in Majorca with a real sense of place and sweeping sea views from almost every angle, you'll be thrilled with a stay at Villa Minerva.

This super-sophisticated villa has splashes of traditional character and a high-end homely feel. Inside, the entertaining space has been designed to make the most of the view through floor-to-ceiling doors and picture-frame windows. A fully equipped kitchen makes it easy to self-cater, and there's plenty of dining space. Bedrooms range from light and airy doubles to huge king-size suites. Two bedrooms are located in a separate guest house, ideal for a little extra privacy.

Not that you'll be spending much time inside here – it's the outdoor space that steals the show. Villa Minerva's sun-drenched swimming pool area is a class apart. High above the sea with jaw-dropping views over Port d'Andratx and a smart deck lined with loungers and day beds, it feels like you're on the bow of a private yacht. Jump into the warm waters, listen to the rustle of the palm trees gently swaying in the breeze, and gaze across the glistening boat-studded bay to the uninhabited protected island of Dragonera. You'll also find other little nooks and tiered terraces where you can lounge the day away in the Majorcan sunshine – the perfect antidote to today's busy lifestyle.
