

## Villa La Ramade St Tropez

### What we love...

We love the tropical pool terrace, surrounded by sun loungers and with a hammock and a Jacuzzi nearby, as well as a practical and pretty pool house to relax in.

Hollywood glamour meets Provençale style at this luxury villa in St Tropez. Villa La Ramade is a beautiful retreat set within the exclusive Parcs de St Tropez resort, a peaceful and private bolthole just five mins drive from the sea. The property is surrounded by palm trees, amid landscaped exotic gardens. With its own kitchen garden and fruit trees, you'll have your own local, seasonal ingredients to enjoy, grown just metres from the property. As well as the covered, shady al fresco dining area on the terrace, the property has several outdoor lounges where you can relax with a drink and a book in the sunshine.

However, the jewel in this villa's crown is surely the beautiful pool deck. With amazing views, the space has a private swimming pool (heated Jun-Aug) with jet motion to swim against, a Jacuzzi nearby, and the area is surrounded by luxury loungers and a hammock for that tropical paradise feel. A shady pool house offers space to relax and fix yourself a drink between laps of the swimming pool.

If you can drag yourself away from the truly great outdoors, the interiors are a treat too, decked out with bespoke furniture and made-

to-measure furnishings. A chic and sophisticated living room, decorated in a calming neutral palette, has a huge fireplace as its focal point with huge sofas gathered around it. An equally beautiful dining room is the perfect backdrop for gourmet meals in the evening, and a sweeping staircase rises from here to the top floor.

For body and mind, there's a fitness area and a massage table can be set up in one of the bedrooms or even under the gazebo during the hot summer days. There is also a separate TV room and study for somewhere to escape for a little quiet. The property is equipped with the latest gadgetry from Smart TVs to Sonos sound systems and air conditioning in every room means the villa is always at a comfortable temperature. The little but important things are carefully considered, too. Expect fluffy bathrobes and slippers, luxury bath products and Baobab scent diffusers – everything you need to make a pretty perfect stay extra special.

Staff are always on hand to help with everything from booking beauty therapies to boat trips, restaurants to vineyard tours, electric bike rental to helicopter transfers.
