

Villa Molli Lake Como

What we love...

We love the stunning infinity swimming pool with two luxe beds 'floating' over the water. The swimming pool also has a heated Jacuzzi, views of the lakes and mountains and a swing seat nearby.

Live a true lakeside life in this luxury villa in Lake Como, where the outdoors merges seamlessly with the interiors. Villa Molli is perched right on the edge of the water, with panoramic views of the lake, Comacina island and the hills on the far shore.

Views don't get much more tranquil than this, but in the heat of the day you'll be able to watch people out and about, boats chugging across the water and all the comings and goings of this magical part of the world.

Lake Como is known for its grand historic villas, many of which are well worth a visit, but having this sleek and contemporary building as home for a week is something rather special, too.

The living room, dining room and kitchen are open plan, which allows for a sociable atmosphere, but each area is tiered so that from every space you still have a clear view of the lake through the floor-to-ceiling windows, whether you're preparing food, sitting around the dining table together with a bottle of wine or are sprawled on the capacious modern sofas with the papers. The breeze blows straight in off the lake, cooling the villa's living spaces,

but on rainy evenings you can light the woodburning stove and feel exceedingly cosy.

The outdoor spaces are equally spectacular and made for laid-back living. On the lake side of the property is the pool terrace with an 18-metre infinity pool and Jacuzzi. There's a beautiful swing seat at one side of the pool and two sunbeds that stretch out over the pool itself – the perfect spot for an afternoon's reading. Nearby, a barbecue, loungers and outdoor dining area provide space for al fresco meals at any time of day. If you feel in need of a more shaded and secluded spot to enjoy the fresh air, there's a private courtyard behind the villa too, where jasmine sprawls and lavender bushes and a herb garden smell deliciously aromatic.

The four master bedrooms, each with their own bathroom, are beautifully decorated in a neutral palette to give you a restful place to lay your head at the end of each day. With gorgeous lake views – what more reason could you need for leaping out of bed in the morning and pulling back the curtains to let the day in? There is another double bedroom and a further room with a sofa bed, both with en-suite bathrooms.
