

## Villa Feroula Corfu

### What we love...

We love the high-spec, clean-lined design that allows both the mod cons and spectacular sea views to shine.

Wake up to the sound and sight of the shimmering Ionian Sea at your very own contemporary cliffside retreat. With a fresh design and high-spec facilities including an infinity swimming pool with Jacuzzi, Villa Feroula is a sleek modern hideaway surrounded by nature.

Built in 2022, this luxury villa with a sea view enjoys an off-the-beaten-path location with direct access to the sea, close to the quaint little village of Pentati. Stepped into the lush hillside, three-storey Villa Feroula has been designed to showcase the uninterrupted sea views from every angle. As you draw back the drapes, floor-to-ceiling windows flood each minimalist room with sunshine and,

at times, you feel as though you're floating high above the sparkling waters.

In the five bedrooms, unique touches range from indoor gardens to platform beds, while the kitchen is kitted out with smart appliances fit for a professional chef. Outside, a green-roofed house (the fifth bedroom) hidden away in the gardens, is the perfect couple's hideaway. A series of outdoor terraces offer private spaces to curl up and relax with a good book and sociable spots where everyone can come together for drinks and games. In this quieter part of Corfu, be sure to head out to the pool-lit terrace after dark to gaze up at the starry night sky.
