

## Alaska Lodge Apartment 4 Val d'Isère

### What we love...

We love the terrace, with its own outdoor living 'room' so you can sit and enjoy the mountain air.

Contemporary comforts meet traditional style in this luxury ski apartment in Val d'Isère. Alaska Lodge Apartment 4 is one of six well-appointed apartments in Alaska Lodge, which is located just half a kilometre from both the village and the lifts, looking out at the Solaise ski area.

Warm wood cladding and rich wood floors bring the natural world inside, and the neutral palette is lifted with blue and yellow accents in the tactile velvet sofas and comfy chairs.

In the living space, the huge, comfy sofas are gathered around a statement coffee table and a television, creating a sociable area in which to sit and chat. Nearby is a roaring fire to warm your toes at the end of your skiing day, and adjacent is a cosy dining space, where you

can enjoy home-cooked or home-delivered meals with good company. The modern kitchen has all you need, including all the essentials for a decent coffee and fresh juice in the morning, before you venture out onto the snow.

Four super-comfy bedrooms, each with their own bathroom, provide a peaceful place to pamper yourself and rest your head each night.

While the interiors are every bit as cosy and comforting as you'd hope, don't forget to enjoy the outdoor terrace. Take your coffee out first thing before heading off to the ski lifts, retire there with a book and a blanket in the afternoon, or enjoy after dinner drinks as the stars come out in the evenings. Alaska Lodge promises different delights at every time of day.
