

Chalet Freya Chamonix

What we love...

We love the cosy spa area on the ground floor with swimming pool, sauna and relaxing lounge area.

High on style and low on stress, this luxury chalet near Chamonix is the perfect bolthole for discerning skiers.

The property is adjoined by a beautiful forest with lots of trails to wander around, and the chalet faces south so its terraces and gardens attract the best of the sunshine. Step inside and this stunning, contemporary space, designed using natural materials, simply cocoons you. Rich woods and stone are complemented by slubby linens, plush velvets and faux furs, all in neutral shades. It feels very easy to relax here.

The main living space is sociable, spacious and bright with floor-to-ceiling windows that open out onto the terrace and frame spectacular views of the mountains beyond. A contemporary fireplace is at the heart of this space, with squashy sofas in one half of the living room

and a quiet reading area in the other, separated by bookshelves. Nearby is an elegant dining space where you can enjoy long, leisurely meals while watching the snow fall outside through the windows. A separate home cinema room nearby is the ideal spot for snuggling down with popcorn, blankets and a favourite movie on chilly afternoons.

Down on the ground floor you'll find the relaxing spa area. Take a dip in the beautiful swimming pool, lie back in the sauna to soothe any aches and pains, or simply indulge in a couple of hours on a lounge, pool side with a good book in one hand and a drink in the other.

You'll be well looked after while you're staying at Chalet Freya. From the champagne welcome to booking the best tables at the best restaurants, it's the small touches that make all the difference.

Eating

You can be sure of being well fed and watered at Chalet Freya. The service begins with a pre-arrival menu consultation with your private chef so he or she can ensure every meal is one to remember and that any dietary requirements or wishes are considered.

When you arrive at Chalet Freya you'll be welcomed with canapés and champagne to begin your break on the right note.

Each morning your chef will serve a hearty breakfast with several hot options as well as a continental buffet to set you up for a morning on the slopes. When you trudge in from the snow, afternoon tea with cakes and pastries, is ready to warm you through. On six nights of the week, your chef will serve a gourmet four-course dinner with carefully chosen wines to complement the menu. There is also a fully stocked bar with premium spirits, beers and soft drinks on tap.

For those that prefer, a self-catering option is available, and the chalet has a well-equipped kitchen and cosy dining area where you can prepare and serve your own meals.

Chalet Freya

Kids

Chalet Freya is a luxury family-friendly ski chalet where younger guests are made most welcome.

Kids will enjoy the home cinema room on snowy afternoons after ski school.

Children of all ages will love relaxing in the private swimming pool in the spa area. The polar bear statue who looks over the swimming pool is always popular, too.

The space itself is well laid-out for families, with plenty of room to play and spaces you can 'zone off' for kids when they need a bit of quiet time. The second floor serves as a great family suite, with a double and twin room, bathroom, dressing room and office area.

Your chef will also be happy to prepare children's suppers in the early evenings.

Location

This luxury ski chalet in Argentiere, in the Chamonix Valley is located on the edge of the forest and has hiking trails from outside your front door to enjoy in summer. In winter, you're just a few minutes' walk from a ski area for beginners as well as a cross-country ski loop, and the Grands-Montets resort is just a 10-minute walk away.

Argentiere's 'old village' is also only 10 minutes away on foot and, just as importantly, you're within a stone's throw of what is possibly the best bakery in the Chamonix valley.

The nearest airport is Geneva, approximately an hour's drive away. There is also a heliport at Chamonix.
