

Chalet Le Marti Chamonix

What we love...

We love the hot tub on the patio, from which you can see the Mont Blanc Massif.

Light, bright and thoroughly modern, Chalet Le Marti is a luxury ski chalet in Argentiere that makes an extremely comfortable bolthole from which you can get to know the whole of the Chamonix area.

At the heart of Chalet Le Marti is a laid-back living space with a huge seating area extending round the whole of the sitting room, close to the roaring fireplace, with logs ready to burn piled high beside it. It's the ideal spot in which to curl up with a book or catch up with friends over a few drinks and hear all the best bits of their skiing day. Just the other side of the fireplace is the contemporary dining area, beautifully lit and designed for long, leisurely meals, cooked by your chef.

As well as lots of spaces for relaxing, gathering and celebrating with friends, there are plenty of

quiet spots over the four floors to zone out in, too. Head out onto the patio for a soak in the hot tub with a glass of bubbly and a view of the mountains, or head back inside and relax in the sauna and soothe any aching muscles. There's also a cosy home cinema room with huge sofa chairs to sprawl on in front of a movie.

Each of the seven en-suite bedrooms is designed to incorporate natural materials and a neutral palette to help you relax completely as you drop off to sleep.

And with staff on hand to ensure you're well looked after, total relaxation is something you won't have to worry about at Chalet Le Marti.
