

Le Chalet Chamonix Chamonix

What we love...

We love the additional mezzanine lounge nook – it's the perfect airy spot to perch with a piping hot coffee and a good book.

Brand new for the start of 2024, this luxury ski chalet is a stylish and spacious winter home-from-home in Chamonix's beautiful resort centre. Le Chalet Chamonix is designed for contemporary living, with a tasteful high-end design and a nod to traditional alpine charm.

When it comes to meeting all the needs of a modern-day luxury ski holiday, no stone has been left unturned. Fresh new facilities include a sauna, a Scandinavian hot tub on the terrace for blissful post-ski bathes in warm waters, and a grown-up cinema den that calls for freshly popped buttery corn and movie nights all snuggled up on the L-shaped sofa. An additional mezzanine lounge is made for me-time – sneak up here for a morning coffee above the hubbub below.

In the airy open-plan living and dining space, the pared-back decor showcases the sunlight flooding in through the floor-to-ceiling windows and the snowy views of Aiguille du Midi beyond.

Bedrooms pair warm wooden accents with statement wallpaper or bold headboards for an individual flair, while sumptuous en-suite bathrooms include a master with a deep copper tub where you can soak away the day in peace.

Eating

Le Chalet Chamonix is offered on a self-catered basis. A welcome hamper will ease you into your stay, then you have the best of both worlds: choose to stay in and cook for yourselves or head into town.

If you're whipping up a feast in the chalet's chic new kitchen, you'll find plenty of supermarkets, delis and wine shops nearby where you can purchase excellent produce. The banquette-style dining area has plenty of space for everyone to take a seat at the table and enjoy long leisurely meals together.

Chamonix is a very walkable resort centre, and your luxury ski chalet puts you in easy reach of a wealth of eateries. Take your pick of everything from casual family-focused pizzerias to traditional Savoyard restaurants and fine-dining establishments.

For the convenience of staying in plus the luxury of someone else taking care of your meals, a private chef can be arranged at additional cost.

Le Chalet Chamonix

Kids

There's space for all the family to come together or spread out at Le Chalet Chamonix. After fun-filled days on the mountain, kids will love cosying up in the cinema room for popcorn-fuelled movie nights. The additional mezzanine nook also means kids and grown-ups can have their own lounge areas.

For non-ski activities, make your way to the Luge Alpine Coaster to race down the slopes. There's no need to panic on wet weather days, either, with indoor swimming, bowling and climbing all on your doorstep.
